**Why Corporation Tax needs to rise to 25 per cent**

in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/why-corporation-tax-needs-to-rise-to-25-per-cent>

Rome was not built in a day. The Conservative Libertarian Society believes in 25 per cent Corporation Tax globally that applies to all countries so as to create a level playing field across the globe for sustainable global economic development that is good for the environment leaving countries to then manage themselves as efficiently as their human capacities and natural resources permit.

Accordingly, TCLP-UK supports the government policy on retaining the floor of 15 percent on corporation tax: it is good for sustainable development globally.

Jeremy Hunt will undermine Brexit by surrendering tax rights, warn Tory MPs

Hello Megan,

I run a Book Publishing Company single-handedly creating websites and writing eBooks that total 445 currently. It is a not-for-profit enterprise that utilises my knowledge to develop ideas that would be sustainable and contribute to a better way of life for all of us in the United Kingdom and across the world. I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. Through these endeavours I make a peaceful contribution to humanity. Please catch up with the contents that I have updated here as being the Constitution of the cultural republicanism that I am promoting from the offshoot political party of the Company named The Conservative Libertarian Party of the United Kingdom or TCLP-UK for short:

<https://www.theconservativelibertariansociety.com/about-1>

I am looking for Members some of whom are requested to take up a role in the functioning of the Party through the Electoral Commission registering it to contest elections in the United Kingdom.

I look forward to having a conversation with you concerning the scope and future development of these ideas.

Hi Shantanu, this is certainly interesting to hear about but I'm not really sure is of any interest to me. I am a research scientist and I'm not sure this brand of politics is something I'm educated enough about to be involved with. I am also not certain it aligns with my personal politics. I appreciate you taking the time to message me regardless.

MAKING IT UP AS ONE GOES ALONG

[Edited: 15.31 pm (UK-Time), 14 June 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my

experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 430 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here ( <https://www.theallurementofrealityinreview.com/shop> ). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is making decisive acts instantly with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

## MAKING IT UP AS ONE GOES ALONG

[Edited: 15.31 pm (UK-Time), 14 June 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 430 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here ( <https://www.theallurementofrealityinreview.com/shop> ). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is making decisive acts instantly with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

A new connection came through: I am not going to give the State another chance to make amends for they do not have an ounce of pity or sympathy: All they would do is to launch a massive cover-up. They should do that on my publications.

Hello Larisa,

I run a Book Publishing Company single-handedly creating websites and writing eBooks that total 445 currently. It is a not-for-profit enterprise that utilises my knowledge to develop ideas that would be sustainable and contribute to a better way of life for all of us in the United Kingdom and across the world. I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. Through these endeavours I make a peaceful contribution to humanity.

Please catch up with the contents that I have updated here as being the Constitution of the cultural republicanism that I am promoting from the offshoot political party of the Company named The Conservative Libertarian Party of the United Kingdom or TCLP-UK for short:

<https://www.theconservativelibertariansociety.com/about-1>

I am looking for Members some of whom are requested to take up a role in the functioning of the Party through the Electoral Commission registering it to contest elections in the United Kingdom.

I look forward to having a conversation with you concerning the scope and future development of these ideas.

I am having a lot of difficulty getting an Email address and Postcode to register TCLP-UK at the Electoral Commission website PEF.

The State authorities need to be aware of this fact.

The Campaign official vacancy must simply be filled.

Thank you for connecting Gabby. How are you? Well I hope.

in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/why-corporation-tax-needs-to-rise-to-25-per-cent>

Rome was not built in a day. The Conservative Libertarian Society believes in 25 per cent Corporation Tax globally that applies to all countries so as to create a level playing field across the globe for sustainable global economic development that is good for the environment leaving countries to then manage themselves as efficiently as their human capacities and natural resources permit.

Accordingly, TCLP-UK supports the government policy on retaining the floor of 15 percent on corporation tax: it is good for sustainable development globally.

I am looking for Members some of whom are requested to take up a role in the functioning of the Party through the Electoral Commission registering it to contest elections in the United Kingdom.

I look forward to having a conversation with you concerning the scope and future development of these ideas.

Shantanu Panigrahi

Those interested need to know how it works like this and the fact you need to be a resident of the United Kingdom:

So you need to give me your email address and postal address including postcode. I as leader of TCLP-UK would then enter these details into the Electoral Commission website known as PEF. At present there is a vacancy for Campaign official or Additional official which I would enter your details under, As soon as I enter these details, you will get an automatic notification from the PEF by email that you would require you to authorise to show that you are agreeing to be associated with TCLP-UK for Electoral Registration purposes. You will then set up your user details to be able to log into the PEF website at will and examine it whenever you like for the Financial Scheme and the Constitution of the Party. Once this is done I will have to pay the £150

Registration Fee and then we leave the matter with the Electoral Commission to decide if it will be registered or not. You will not have to pay anything as it is Party funds that is being used.

If you are agreeable to this plan please let me have your Email address and postal address including postcode.

Shantanu

PS. Rest assured that I wish to have this Society and its political Party to be pure as a service to mankind in the UK and across in the world. It is work that simply has to be done to restore faith in governments.

Such a helpful breakdown of the importance of website speed. I didn't realize that just a one-second delay could increase bounce rates drastically! I'm now rethinking my old website and exploring the best web design company in Jamshedpur that can implement performance optimization without compromising design.

Good morning Stripe

I took the liberty to check the verification status and there does not appear to be any longer a Dispute between Stripe Bank and The Conservative Libertarian Publications Limited as attached: VERIFICATION OF THE CONSERVATIVE LIBERTARIAN PUBLICATIONS LIMITED AT STRIPE 29JUNE2025.docx; FrFinancialOmbudsman(Your complaint (Our refPNX-5399228-L4Z3)26Jun2025.docx.

Placing the Case on hold does of course means that we need to resolve this matter or it would need to be revisited at the Financial Ombudsman Service.

Yours sincerely

Dear Sirs

As I have repeatedly said, I am attempting to identify individual criminals who have either singly or in conspiracy terrorised me so that I can secure £1.1 billion in damages and compensation from the culprits. This is what I am trying to achieve.

Subject: Re: Your recent question for Stripe about Disputes

Good morning Stripe

It is my experience of the structure of law and order in the United Kingdom during my stay here of 52 years here that the malaise displays a truly reprehensible way for criminals to avoid justice such that the moral fibre of the nation is being called into question right now as I write:

<https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/are-we-seeing-the-total-collapse-of-the-civilisation-of-the-united-kingdom>

We need to work harder to rectify what has gone wrong, and I am available to play a small part in ameliorating the situation with Stripe's support.

That is the broad contextual question that you have asked for.

I have a plan to bring it all together within the sphere of 'The Conservative Libertarian Society' through the political actions of moral politics that people have most definitely lost trust in as a concept. There is a good way of living and there is a bad way of living, there is also an indifferent way of living in the spectrum between good and evil. People search for political parties in Westminster and in the Councils to their personal tastes, but no one is satisfied so that within a few years democracy brings in a new form of government that uproots all that the predecessor government tried to achieve. There is consequently no continuity and no one knows whether one is coming or going. It takes a considerable amount of tooting and froing in the Judicial system before one can be certain that one is carrying out ones work in a lawful manner. This wastes a lot of time and effort of countless people as you would have noted from my own involvements over the past 27 years.

Continuity in government of the nation is of utmost importance and political leaders need to work to a set Constitution for the nation. This means we need a 'Written Constitution' that not only enables lawmakers to draft laws that are in the national interest, but also enables the Police, Judges and Juries to make sound judicial and law enforcement decisions in Society.

My political Party, the Conservative Libertarian Party of the United Kingdom (TCLP-UK) is working to make this come to be, having started a Petition in the House of Commons Petitions Committee which was watered down so did not make any headway towards a Written Constitution: by copy of this email I am requesting the PAPAS and Petitions Committee to review the process so that the Original petition is reinstated afresh.

I trust this is contextual background to the Dispute between Stripe and The Conservative Libertarian Publications Limited is helpful.

Dear Stripe

1. My concern was that I had not been given an adequate opportunity to state my Case in respect of my search for the appropriate level of Judicial oversight of my Company and mine involvements as Director of The Conservative Libertarian Publications Limited as linked here: <https://www.knowledgeassessmentanddissemination.com/post/j00me572-summary-judgment-or-hearing-immediately-required> so I am unable to address a Daily Bulletin notification that came to me, as follows:

from: Daily Bulletin <notifications@forums.wix.com>

reply-to: Daily Bulletin <notifications@forums.wix.com>

to: Shantanu Panigrahi <shanpanigrahi3000@gmail.com>

date: 22 Jun 2025, 21:26

subject: Notification from Daily Bulletin

mailed-by: sg.forums.wix.com

Signed by: forums.wix.com

: Important mainly because it was sent directly to you.

2. The poster by the name of Joseph Whitaker had inserted the following comments into the website without confirmation of whether he has paid the £7 annual subscription for posting privileges as publicised here:

<https://www.theconservativelibertariansociety.com/forum/questions-answers/subscription->

[fees-for-posting-in-the-websites-of-tclp-limited](#), quite apart from the fact that the context within which he inserted the comment is under dispute.

3. So I rapidly checked the verification status of the Conservative Libertarian Publications Limited at Stripe Bank, and found that it displayed the business as usual modus operandi of the Company.

4. Notwithstanding, I thought of waiting for the Courts to give me the go-ahead to moderate and remind Mr Joseph Whitaker that he must pay the subscription Fee. His post is as linked here: but the Courts have not contacted me: they never do from my experience, so I only have Stripe and the Financial Ombudsman to consult on what work in this regard is lawfully possible for a citizen to undertake in the United Kingdom.

<https://www.knowledgeassessmentanddissemination.com/forum/main/comment/11b4091e-d661-491c-b9a0-d82ff90e06d1?postId=616e84d6fe709f00165c2ac8>

5. If there is any reason why I should not authorise the publication of the article-comment and continue with the work of The Conservative Libertarian Publications Limited in this way, please let me know at your earliest convenience.

6. Another aspect of the work of the Company is to try and get the political party TCLP-UK registered at the Election Commission as invited:

FrPartyRegElectoralCommissioner)18Jun2025.docx. The means to canvas possible candidates has been to introduce this document with the PS. If anyone in your network is interested would you let me have their email addresses so that I can send them the literature for appointing them as the required officials for the TCLP-UK to get itself registered as a political party with the Electoral Commission?

Subject: Your recent question for Stripe about Disputes

I have been informed that the two Membership Accounts that the Conservative Libertarian Publications Limited holds at Stripe Bank (Payments) Limited, that is the JOIN IT and BRILLIANT

DIRECTORIES ones are being kept on 'hold' until I reply to the last email that Stripe has sent me. But I am unable to locate that particular email so do not know what the problem is; The information on this Contact Support site tells me that right now the Conservative Libertarian Publications Limited is verified by Stripe Bank. If on the other hand this verification is withdrawn or there are other questions that Stripe needs answers to please let me know what they are. Until this matter is resolved it is an issue in Dispute between the Company and Stripe Bank.

##### Complainant privacy notice

This privacy notice summarises what to expect us to do with your personal information when you

contact us or bring a complaint to our service. A more detailed version of this privacy notice is available on our website.

##### About us

The Financial Ombudsman Service is a free and easy-to-use service that settles complaints between complainants and businesses that provide financial services. You can contact us [here](#). We use your personal information to investigate and resolve individual complaints and prevent unfairness. We also analyse complaints data to make our services and processes more effective for you and others. More detail is set out in the 'Why we process your personal information' section.

The personal information we use

Personal information means information that is about an individual or can identify them in some way. The amount and type of personal information we process varies depending on the individual

circumstances of the complaint and why we are processing personal information. Examples of the

type of information we process are your name, date of birth, financial details, phone recordings and

special category data, such as health information.

How we collect personal data

We have a range of channels that individuals can use to get in contact with us. Generally, we receive personal information from the individual directly, their representative or from the financial

business the complaint is against. But sometimes, where it is necessary for resolving a complaint

or fulfilling our legal functions, we may also gather information from other individuals or organisations, such as a loss adjuster hired by an insurance company, a medical expert or a credit

reference agency.

Why we process personal information

We primarily collect and process personal information to investigate and resolve individual complaints brought to our service and respond to enquiries and redirect individuals to the correct

organisation if necessary. In addition to this we also process personal data in the following way:

- Prevent complaints and unfairness
- Improve the effectiveness of our service and processes
- Meeting your needs and making adjustments
- Work with the regulator and other bodies
- Dealing with contact you may make with us through social media
- Complying with a legal duty.

We have a legal obligation to publish final decisions made by our ombudsmen. These are published on our website. We remove the name of the person making the complaint as well as any

other personal information that would be likely to identify them.

We conduct regular surveys to understand your views on the service we have provided to you.

You

can let your Investigator know at any time if you do not want us to contact you for our surveys.

Who we share personal information with?

We will not share your information with anyone for the purpose of direct marketing. We will not sell

your data.

When an enquiry is brought to us, we need to contact the financial business and make them aware

that an enquiry has been received and ask them what has happened so far. The personal details of

Financial Ombudsman Service – Complaint form 8

the complainant, any representative and details of the complaint are shared during this initial process.

In order to investigate a complaint, we need to share information with both parties of the complaint

to get both sides of the story. Sometimes, depending on the nature of the complaint, we may also

need to share relevant information with other individuals or organisations, for example: another financial business, medical experts or credit reference agencies.

If you have a complaint about the standard of service we've provided to you, and we've not been able to resolve this, you can ask the Independent Assessor to investigate this complaint. We will pass on relevant details to the Independent Assessor so that they can investigate and respond to

your service complaint.

Lawful bases for processing personal information

The law on data protection sets out a number of different reasons for which an organisation may collect and process your personal information.

Our lawful basis for processing personal information will usually be because it's necessary for our

statutory function, a reason of substantial public interest or compliance with our legal obligations.

On those occasions where we are not relying on any of the above, we will ensure that a suitable alternative lawful basis is used, which is likely to be where the processing is in our legitimate interests.

Where your data is processed and stored

We store your personal information in the UK or the European Union (EU). Our technical support teams in India may process your information to provide technical advice and assistance.

Where we allow access to your information from countries outside the UK, we ensure that we comply with all our data protection obligations.

How we store personal information and for how long

We know that data security is important to us all. When we receive personal information, we take

steps to ensure that it is stored securely, both physically and electronically, in accordance with the

internal policies that we have in place for the effective and secure processing of your personal information. We will keep your case file for 6 years after your case closes (or 3 years if we did not go on to fully investigate your case or if we transferred your case to another organisation). Paper documents sent by post are destroyed 6 months after the date they are scanned into our system.

More information is in Annex A here.

What are your rights over your personal information?

Under data protection law, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. Details of each of these rights are set

out in Annex B here.

What to do if you're unhappy with how we've handled your personal information

If you have any questions about this notice or are concerned about how we are processing your

personal data, you can contact our Data Protection Officer at: [data.protection@financial-ombudsman.org.uk](mailto:data.protection@financial-ombudsman.org.uk). Details of how to raise a complaint are available here.

We hope we'll be able to resolve your concerns, but if you still remain unhappy with our response,

you can contact the Information Commissioner's Office at casework@ico.org.uk or 01625 545 745.

We may change this privacy policy. In that case, the 'last updated' date at the bottom of this page

will also change. Any changes to this privacy policy will apply to you and your data immediately.

In today's digital age, mobile applications have become the backbone of numerous industries, including entertainment, healthcare, travel, fitness, beauty, and, of course, dating. If you're a business owner or entrepreneur looking to venture into the online dating world, selecting a reliable dating app development company is the first and most critical step.

Building a dating app is not just about integrating swipe features or messaging capabilities; it requires strategic planning, advanced technology integration, AI-based matchmaking algorithms, and a deep understanding of user behavior. Let's explore how to choose the best development partner and why partnering with a reputed dating app development company can set your business apart.

**Why You Need a Specialized Dating App Development Company**

Creating a successful dating app like Tinder, Bumble, or Hinge is a complex process. It involves user-friendly design, secure backend architecture, real-time chat functionality, GPS-based matchmaking, and advanced filters. A professional dating app development company brings experience, technical expertise, and a dedicated team that understands the dynamics of the online dating industry.

Some key features offered by such companies include:

Profile matching algorithms

Video and voice call integration

In-app purchases and premium memberships

Admin dashboard for monitoring and analytics

AI/ML for behavior-based recommendations

Real-time notifications and chat features

When you work with a company that specializes in this niche, you're not just hiring developers—you're partnering with experts who understand what makes a dating app successful in a highly competitive market.

#### Choosing a Multi-Vertical App Development Company

While dating apps are a specific niche, many of the functionalities—like real-time messaging, user profiles, GPS services, and push notifications—are shared across other industries. That's why it's smart to consider a development partner that has experience in multiple verticals. Here are a few examples:

##### 1. Salon App Development Company

Like dating apps, salon apps focus on user experience and personalization. A salon app development company understands the importance of booking systems, profile management, and payment gateways. These features translate well into dating platforms that also rely on seamless UX.

##### 2. Fitness App Development Company

A fitness app development company builds platforms centered around personal goals, tracking, and community engagement. These companies have experience with user dashboards, analytics, and in-app notifications—features that are highly useful in dating applications for tracking interactions and engagement rates.

##### 3. OTT App Development Company

An OTT app development company specializes in delivering high-quality video streaming and interactive content. If your dating app concept includes video profiles, live dating events, or virtual speed dating sessions, partnering with such a company can be incredibly valuable.

##### 4. Chatbot Development Company

A leading chatbot development company can help you integrate intelligent bots that enhance user engagement. Chatbots can assist users with setting up profiles, finding matches, answering FAQs, or even breaking the ice with automated conversation starters.

##### 5. Travel App Development Company

With globalization and remote work, dating apps today are more than local matchmaking tools. Integrating travel planning or location-based features is becoming popular. A seasoned travel app development company can add immense value by integrating maps, location filters, and travel itinerary sharing features within your dating platform.

## Why Techno Derivation Is the Right Choice

If you're looking for a development partner that can cater to all the above-mentioned industries with a particular focus on dating platforms, Techno Derivation is a top-tier choice. Known for its innovative approach and commitment to quality, Techno Derivation offers full-cycle mobile app development services, from ideation and UI/UX design to deployment and post-launch support.

### What makes Techno Derivation stand out?

**Cross-Industry Expertise:** With successful projects in dating, fitness, OTT, salon, travel, and chatbot development, they bring a well-rounded approach.

**Post-launch Support:** Their dedicated maintenance and support team ensures your app runs smoothly post-deployment.

### Key Features to Include in Your Dating App

When working with a professional dating app development company, you should ensure the following features are included in your application:

User Authentication (via email, phone number, or social media)

Location-Based Matching

In-app Chat and Video Calling

Swipe and Match Functionality

User Preferences and Filters

Profile Verification Options

AI-Based Match Suggestions

Privacy and Security Features

Subscription Plans and In-app Purchases

Push Notifications and Alerts

A company experienced in fitness app development, OTT streaming, chatbot integration, and travel apps will have a broader perspective and toolkit to incorporate advanced and interactive features in your dating platform.

## Read More: Web Development Services For Grow Your Businesses Final Thoughts

The dating industry is booming, and now is the perfect time to enter the market with a unique, engaging, and secure dating app. Choosing the right dating app development company can be the difference between success and failure. Whether you're starting from scratch or upgrading an existing platform, look for a partner with cross-industry expertise—in salon apps, fitness tracking, travel, OTT media, and chatbot automation.

With so many app types sharing overlapping features, a multi-skilled company can draw inspiration and technology from each to build something truly innovative. Companies like Techno Derivation bring that much-needed blend of creativity, technical excellence, and industry experience.

If you're ready to take the leap and launch a powerful dating app that users will love, start by partnering with the right experts. Whether you also plan to scale into fitness, salon, or OTT services down the line, a well-rounded app development company will ensure you're always a step ahead in the market.

Hello Benjamin,

I run a Book Publishing Company single-handedly creating websites and writing eBooks that total 445 currently. It is a not-for-profit enterprise that utilises my knowledge to develop ideas that would be sustainable and contribute to a better way of life for all of us in the United Kingdom and across the world. I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. Through these endeavours I make a peaceful contribution to humanity. I was wondering how you would implement these ideas across the country and change the attitudes of people that don't see environmental threats as a concern? In addition using the theory of the Kuznets curve and current cost of living crisis in the uk, this has lead to many people in the uk prioritising there economic security over anything else. This poses greater difficulty in changing individual action towards being sustainable, how would you frame these issues so that sustainability becomes the forefront of how people live?

Hello Larisa,

I run a Book Publishing Company single-handedly creating websites and writing eBooks that total 445 currently. It is a not-for-profit enterprise that utilises my knowledge to develop ideas that would be sustainable and contribute to a better way of life for all of us in the United Kingdom and across the world. I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. Through these endeavours I make a peaceful contribution to humanity. Please catch up with the contents that I have updated here as being the Constitution of the cultural republicanism that I am promoting from the offshoot political party of the Company named The Conservative Libertarian Party of the United Kingdom or TCLP-UK for short:

<https://www.theconservativelibertariansociety.com/about-1>

I am looking for Members some of whom are requested to take up a role in the functioning of the Party through the Electoral Commission registering it to contest elections in the United Kingdom.

I look forward to having a conversation with you concerning the scope and future development of these ideas.

I only have one remaining question after having spent around a year in LinkedIn investigating the Constitution of the United Kingdom and gathering 5200 connections: Do you not think that

democracy needs to be tested to see how healthy it is regardless of your reticence on the 'brand' of my morality politics?

Hi Shantanu, this is certainly interesting to hear about but I'm not really sure is of any interest to me. I appreciate you taking the time to message me regardless.

**12.55 pm (UK-Time) 23 July 2025**

At 14.04 pm logged into Electoral Commission's PEF site for TCLP-UK to see if there has been any recorded changes. There was nothing in terms of progress:

The screenshot shows the Electoral Commission website interface. The top navigation bar includes 'English Text', 'testun Cymraeg', 'Help', and 'Env/nt. Production'. The main header features the 'The Electoral Commission' logo and three tabs: 'Home', 'Search', and 'Reports'. A sidebar on the left indicates the user is logged in as 'TCLP-UK' and lists various links like 'Home', 'My account', 'Political parties', 'Third parties', 'Permitted participants', and 'Regulated donors'. The main content area is titled 'Registration' and contains an 'Application to register a political party in Great Britain' section. This section includes instructions, a 'Party details' link, and a 'Declaration of assets and liabilities' link. Below this is a 'Declaration of statement' section with checkboxes for 'England', 'Scotland', and 'Wales'. The 'Parliamentary election reporting exemption status' section has a checkbox for 'Exempt from reporting in all UK parliamentary elections'. The 'Declaration of third party registration status' section has a checkbox for 'The party confirms that it is not registered as a third party'. The 'Signatures' section contains a table with columns for 'Role', 'Name', and 'Sanctioned'.

Role	Name	Sanctioned
Leader	Dr Shantanu Panigrahi	
Nominating Officer	Dr Shantanu Panigrahi	
Treasurer	Dr Shantanu Panigrahi	
Campaigns Officer	(details not confirmed) tiwana391@btinternet.com	

At the bottom of the page, there is a 'Reset authentication' button and a progress bar showing '80%' completion. The footer includes links for 'Copyright', 'How we use your information', 'Accessibility', and 'Get Adobe Reader'.

It's time to grow your money

Hi Shantanu,

If you want to make your money work harder for you, consider moving money that you don't need to access regularly into an account that pays a higher rate of interest.

You can choose from a range of bonds and ISAs that offer a fixed interest rate over a set period of time, and flexible accounts that provide some access to your money.

If you're unsure how often you'll need to withdraw money, you can spread your balance across different accounts. This can help you access your money for daily spending, while enjoying a high interest rate on your savings.

I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. 1. The information that you require is vast but relate to the original Case Reference Numbers as linked here: <https://www.knowledgeassessmentanddissemination.com/post/press-release-concerning-the-financial-ombudsman-service>

2. I wish to take this opportunity to confirm that I will be seeking damages and compensation from each of the 6 Banks on two counts:

(a) fraudulent transactions and issues relating to Cards;

(b) systematic Hate crime torture on me through banging email after email mostly timed to impact on the legal proceedings that I have been embroiled in over the past 27 years to hint subliminally that I should be taking certain actions or else fall into some danger.

3. I have told the Financial Ombudsman that all 6 complaints about Banks should be treated as one Bank for they are inter-related as if the monarchical Establishment of the United Kingdom had coerced these banks into the actions that they took.

4. I will not be filling any complaint form individually for any single Bank, but if the Financial Ombudsman part-completes a single Complaint Form with the Case Reference Numbers given

in the press release of paragraph one that would be a good basis for the beginning of the investigation process.

I look forward to your immediate reply; or I will assume that the Financial Ombudsman was also engaged by the State authorities cited to perpetrate injustices on me.

Hello Mehdi, thanks for connecting.

I run a Book Publishing Company single-handedly creating websites and writing eBooks that total 447 currently. It is a not-for-profit enterprise that utilises my knowledge to develop ideas that would be sustainable and contribute to a better way of life for all of us in the United

Kingdom and across the world. I have diversified the project into politics and talk about the viability of morality politics if it is constructed on the basis of harmonising truth, justice and democracy in unison. Through these endeavours I make a peaceful contribution to humanity. Please catch up with the contents that I have updated here as being the Constitution of the cultural republicanism that I am promoting from the offshoot political party of the Company named The Conservative Libertarian Party of the United Kingdom or TCLP-UK for short:

I am looking for Members some of whom are requested to take up a role in the functioning of the Party through the Electoral Commission registering it to contest elections in the United Kingdom.

I look forward to having a conversation with you concerning the scope and future development of these ideas.
